

PURCHASES AND DEVELOPMENT OF THE LOCAL COMMUNITY POLICY

Aequora Lanzarote Suites**** apply strict procedures regarding assessment and selection of contributors and external suppliers based on the application of the existing legislation on Environment, Human Resources Policy and Child Protection. We prioritize local suppliers and we support in solidarity the development of the local community.

GOALS

1. Carrying on a reciprocal relationship with Contributors and External Suppliers, ethical and lawful.
2. Select Collaborators and External Suppliers which comply with legal regulation and attend to Quality and Sustainability criteria under Aequora Lanzarote Suites**** Policies; minimize residues and environmental risks production; support Local Community development, child protection included; developing Human Resources and labor risk policies in agreement to the legislation in force, avoid any kind of discrimination, labor abuse or other.
3. Prioritize local suppliers as far as possible, being in contact with the local community, entities and institutions to support social and / or commercial actions development.
4. Promote and implement the Child protection policy.
5. Promote between Customers the Knowledge and respect of Nature Reserves and autochthonous species of Lanzarote, informing them about different possibilities of local consumption in cultural, gastronomic or handcrafted areas.

VIEW

Aequora Lanzarote Suites**** through their policies and actions pretend to ensure a cooperation area with Contributors an External Suppliers, to encourage the permanent development of our Quality and Sustainability Policy, and cooperate with Local Community for their development.
